

DISTANCE-DIGITAL TEACHING AND LEARNING IN THE POST-COVID-19 ERA

Di2Learn project has started on 1st April 2021

Facts:

*“The Covid-19 situation has impacted the learning of **1.6 billion learners in 195 countries** worldwide.” (United Nations). 64% of teachers have inadequate ICT/digital skills (OECD).*

Project Fundamentals:

The Di2Learn project will follow a **TRIPLE APPROACH**, which will include a PROFESSIONAL DEVELOPMENT COURSE for teachers, WORKSHOPS for students, parents and a COLLECTION of essential tools, resources, good practices, examples etc., to acquire the essential digital competences, and teaching/learning techniques.

Project Consortium:

1. University of Social Sciences - POLAND
2. European Digital Learning Network - ITALY
3. Emphasys Centre - CYPRUS
4. Politeknika Ikastegia Txorierrri - SPAIN
5. Parent's Association "Step by Step" - CROATIA
6. PCG Polska - POLAND
7. Fundatia EuroED - ROMANIA

Project kick-off meeting

Whole day **Di2Learn** project kick-off meeting was held online via Zoom on 23 April 2021. Partners had opportunity to present their organizations on project forum and get to know each other. Project fundamentals were presented by Coordinator (SAN) supported by Emphasys. One by one four intellectual outputs have been discussed:

1. **Blue print report on teaching, learning and assessing in the post covid-19 era**
2. **Triple first aid di2learn tool kit: methodology and guidelines for teachers, parents and students**
3. **Virtual di2learn academy for teachers-students-parents (platform and mobile app)**
4. **The di2learn physical and virtual academy: getting the new di2learn mentors ready**

IO1 PROJECT ACTIVITIES

As part of Di2Learn project Intellectual Output (IO1), **Focus Groups** were conducted by Partners in the period June-July 2021. It was great opportunity to share pre-covid/covid/post-post experiences in teaching and learning. More than 60 project target groups members (teachers, students, parents and school leaders) have discussed challenges they have faced and solutions they implemented. Each project Partner prepared focus group report with discussion outcomes.

Within IO1 Project consortium has developed, validated and implemented distance learning **Audit Tool** for schools. The audit tool will help schools to identify needs, strengths, weakness and existing gaps as well as their readiness to offer distance learning for their target groups. Tool will be finally released as part of virtual platform. **Stay tuned ...**
